

The Central States Section of the Combustion Institute

Art Competition

At 6th US National Combustion Meeting, May 17-20, 2009

CASH PRIZES will be awarded for first place (\$300), second place (\$200), and third place (\$100).

Eligible entries include (but are not limited to): images (photographs or computer-generated), paintings, drawings, sketches, sculpture, etc. of combustion or combustion-related phenomena. Rearrangement, assembly, or modification of combustion images into an art-form is appropriate and encouraged. Some examples of such works are shown below. Submission indicates that your artwork can be displayed at the CSS website.

Electronically submit a high resolution image of your entry with a brief explanation to Ajay Agrawal (aagrawal@eng.ua.edu) by **May 4, 2009.**

You must prepare your artwork for display during the meeting. Note that the quality of printing, framing, and displaying can significantly enhance the visual appearance and appeal of your artwork. Thus, consider use of border, frames, 3D effects, or other suitable format to create a professional display, similar to what one would see in an art gallery. Both the artwork and display quality will be considered during the judging process.

You are expected to setup your display in the Ballroom of the Michigan League Building by 8:00 AM on Monday, May 18 (*please watch for last minute changes*), and remove it on Wednesday, May 20 by 12:00 noon. Please make the necessary arrangements to setup your display if you are unable to attend the meeting or your arrival/departure times are in conflict. We will provide easels, white foam board, double sided tape, etc. Contact Ajay Agrawal if you have special display needs.

The judges will conduct evaluation during 9 AM - 5 PM on Monday, May 18. We plan to announce the winners before the plenary session on Tuesday, May 19. We thank you for your contributions and look forward to a very successful event. We look forward to seeing your combustion art work! Best of luck in the competition!
